

DRAFT

CORDRY SWEETWATER CONSERVANCY DISTRICT

Roads Commission

March 7th, 2019

MEETING NOTES

Members Present: Dave Jarrett, Betsy Serra, Chad Crimmins

Other Attendees: Josh Hawley (CSCD Superintendent)

I. Superintendent's Report (Emailed to Commission members)

II. Paving bids

- a. Mr. Hawley has submitted bid requests to two of the three requested bidders for 2019 paving. The third will be sent out next week.
- b. Mr. Crimmins and Mr. Hawley spoke about drainage, fabric, and grading that needs to be done on Elk Drive. Mr. Crimmins suggested adding that to the paving bid as those contractors could make quick work of the required tasks. Elk will NOT be paved, it will remain gravel.
- c. Mr. Hawley requested more information on additional potential bidders for line striping. Mr. Crimmins will get more contacts.

III. Mr. Crimmins asked Mr. Hawley to set a date with our local Commissioner Dave Anderson to meet and discuss CSCD Roads, County Wheel Tax, and to request that the Brown County Highway Superintendent nor any County Commissioners can make legal changes to the County ordinance governing weight restrictions or any other county ordinance that is enforced on CSCD roads.

Adjournment

Minutes submitted by: Josh Hawley
