

**DRAFT**

**CORDRY SWEETWATER CONSERVANCY DISTRICT**

**Roads Commission**

**October 1<sup>st</sup>, 2020**

**MEETING NOTES**

**Members Present:** Dave Jarrett, Chad Crimmins (CSCD Rep), Tobi Ferguson (CSLOA Rep)

**Other Attendees:** Michael Woodward (Freeholder)

**I. Freeholder Concerns**

Michael Woodward of Robin Drive appeared and addressed the commission concerning water run-off and erosion on his property. He was most concerned with a walkway half way down his property and the culvert underneath and on down the slope where erosion seems to be the worst. It was Mr. Woodward's opinion that sometime in history, the Conservancy installed a culvert underneath Robin Drive that directs water onto his property and therefore should investigate remedies. Chad Crimmins indicated that the Conservancy would visit and investigate the issue.

Meeting adjourned at 5:45 PM
