

ROADS COMMISSION MEETING

03/04/2021

5:00 PM

Present: Josh Hawley, Chad Crimmins, Dave Jarrett

- I. February Review presented – copies attached. Josh Hawley discussed the challenges of the 12” Winter Storm, equipment issues, and estimated cost of the storm. (\$7,465.20)**
- II. “Graveling” of side roads to begin soon.**
- III. Salt Use: A discussion of use of salt occurred. Side gravel roads cannot be salted. There is a significant amount of salt left over for next year’s use. An experiment using untreated salt and “beet-heet” used for brine produced a good result for possible use next year.**
- IV. Paving Bids: Chad is still looking for additional paving bids from Dave O’Mara and E&B Paving out of Bloomington.**
- V. Work on Elk Drive: Work on Elk Drive between Grizzly and Greywolf Drives to be done by roads employees will include some graveling, widening, and re-working a few driveway entrances.**
- VI. Road Funding: Roger Young, State Representative Erik Koch, and county representatives are meeting at the state house on March 17th to discuss possibility of CSCD receiving our fair share of road taxes from the state.**
- VII. Adjournment 5:20 PM**

Respectfully submitted

Dave Jarrett – 03/04/2021
