

ROADS COMMISSION MEETING

07/05/2021

6:00 PM

Present: Dave Jarrett, Tobi Ferguson

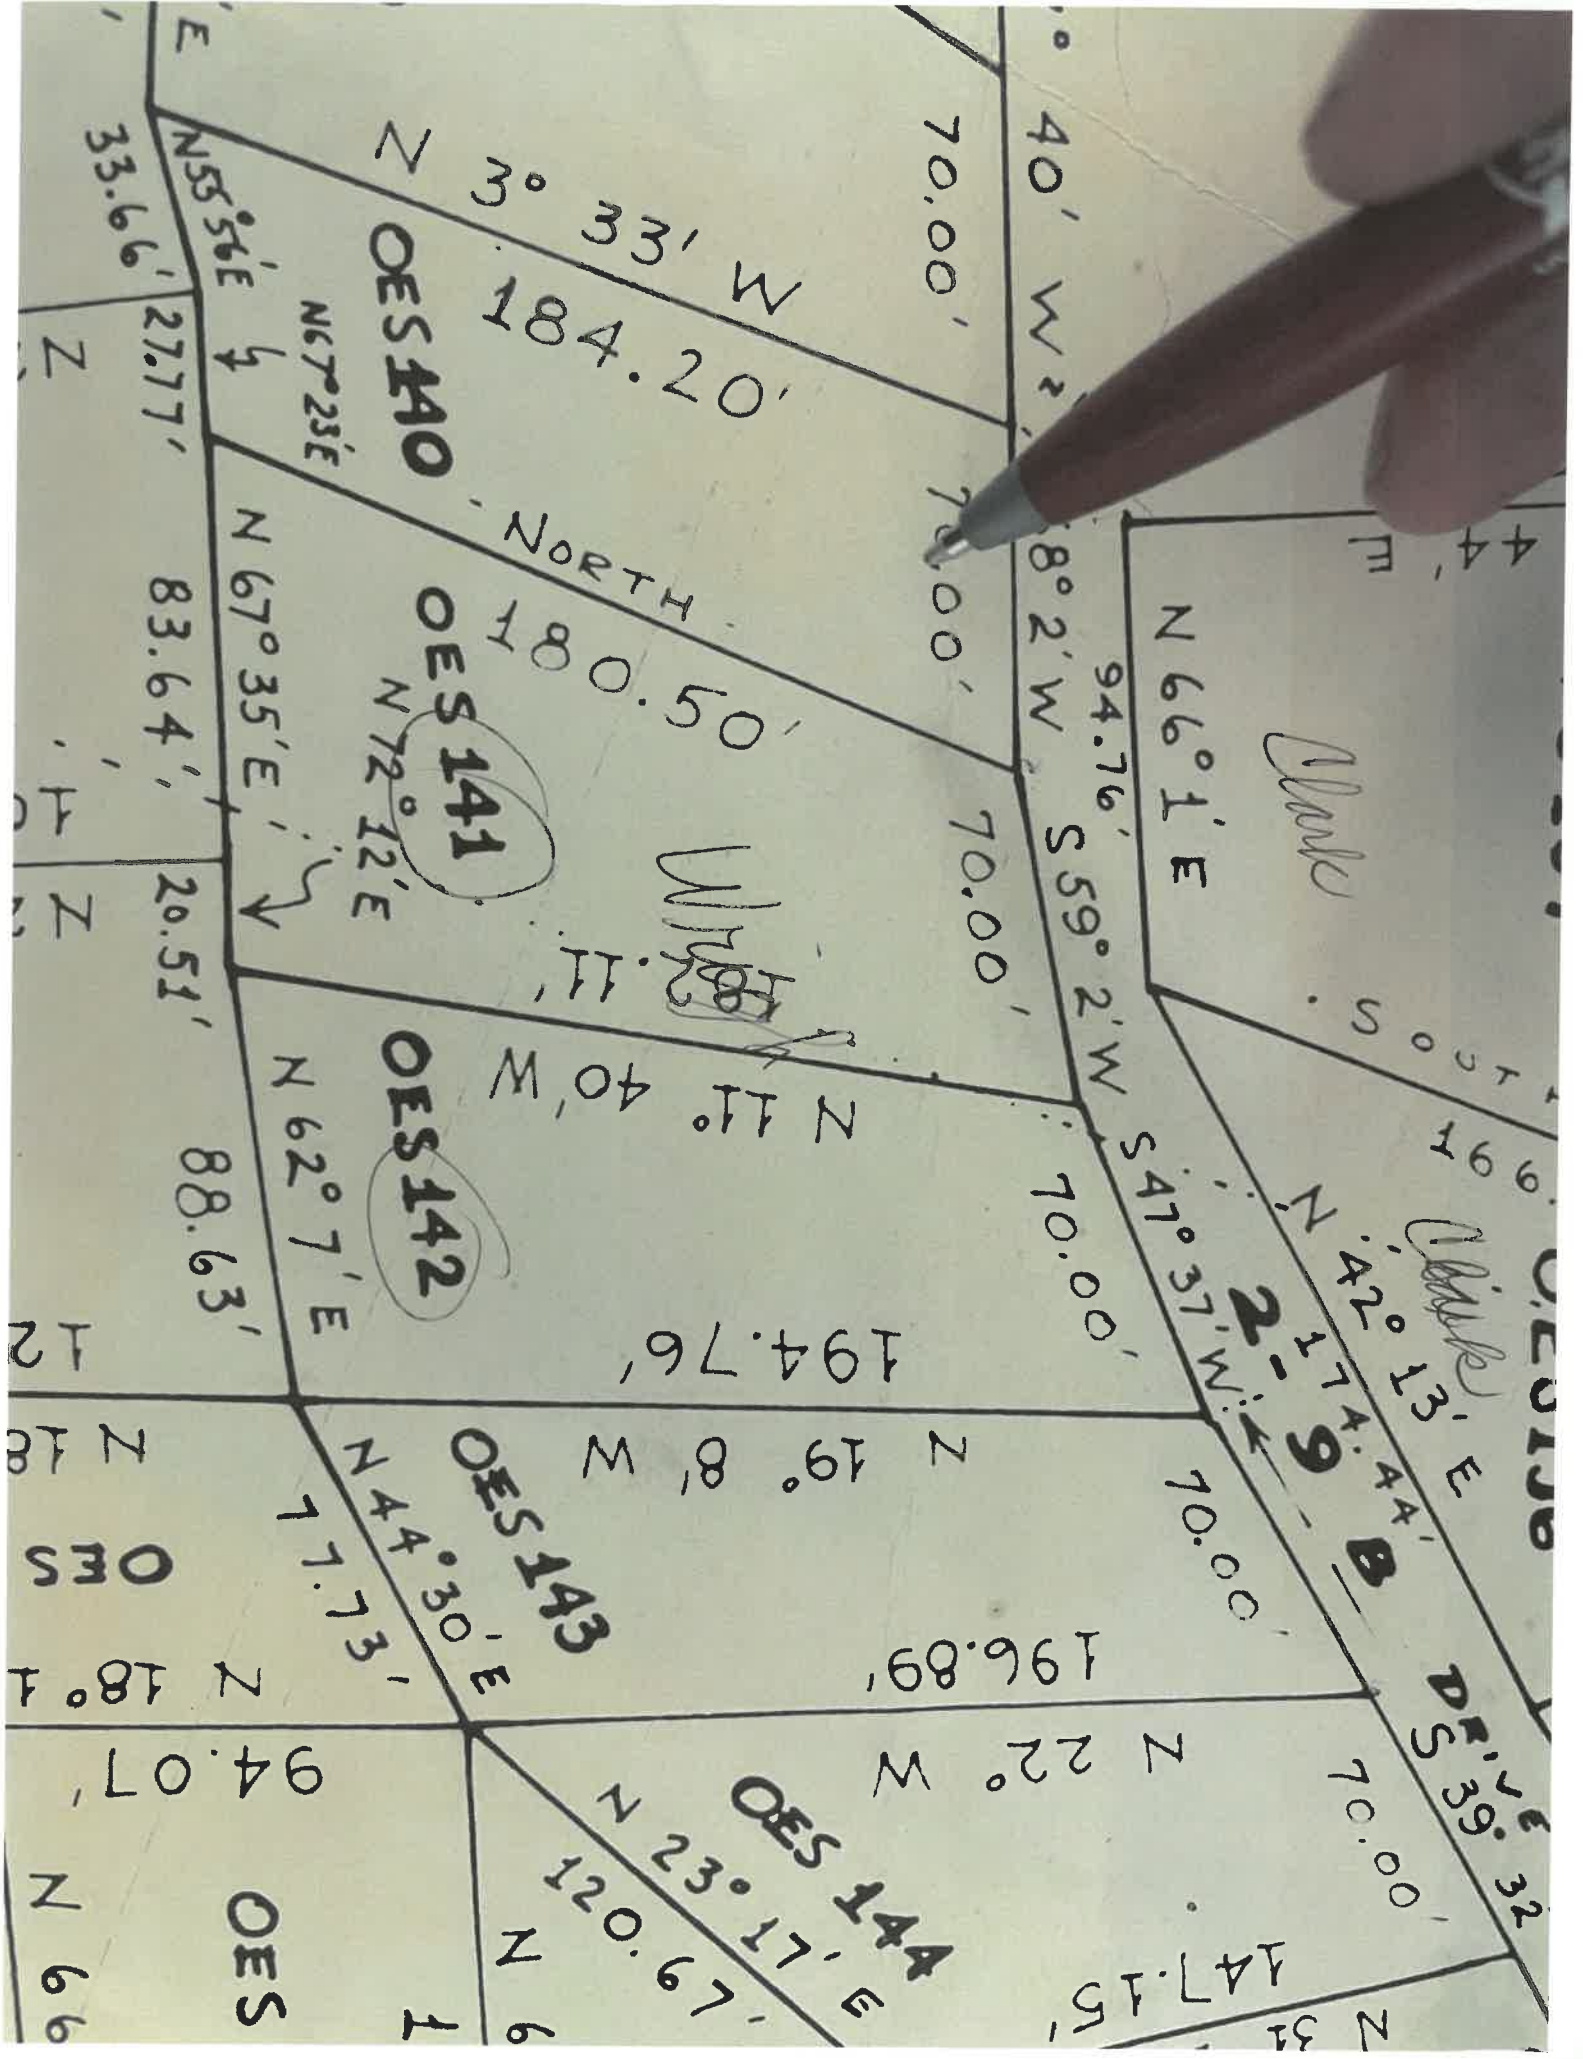

Guest: David Wright

- i. Road Paving Review - Milestone has been in the area for the past weeks preparing and paving various roads. Most comments from residents has been good. Thanks to Josh for handling/solving issue at the end of Cougar Drive by extending paving a few more yards.**
- ii. Guest David Wright who is building a house on Lemur Drive (OES 141-142) appeared at the meeting. He feels that the owner of lots across the street on (OES 137-136) is not observing the proper setback from the edge of new paving. There are old railroad ties and cement blocks within 4 feet of the edge of new pavement that does not allow for traffic to pass each other.
 - a. Perhaps research width of road and right of way?**
 - b. Perhaps the installation of gravel edge along the new pavement might be involved in this discussion.**
 - c. Mr. Wright was informed that this would become part of roads minutes and presented to proper channels.****
- iii. Adjournment: 6:45 PM**
- iv. Respectfully submitted
Dave Jarrett 07/05/2021**
