Guests: Marsha Harper

Chief Deputy Report:

- New laptops have arrived and are being programmed with necessary updates, software, etc.
- All officers will be getting bullet proof vests.

Freeholder Concerns:

- Concern was brought up regarding wakes being created on the lakes during no wake times.
- Photos were provided, and CSCD office to follow up with the freeholders.

New Business:

- 2020 deadline to obtain boat stickers will not be extended.
- Concerns over number of boats disregarding rules concerning “no wake areas”, boats/paddle boards out at night with no lights, not following proper lake patterns, etc. It was decided that boat patrol will be writing more tickets. Additional patrols may be added as needed. Have asked a boat patrol member to attend the next meeting so violations can be discussed in more detail to determine appropriate follow-up.
- Discussion of changing the “yellow” light time on the lakes, but was decided to keep it at 8 p.m.
- Concerns over number of personal buoys left in water overnight on Sweetwater. All buoys left out were identified by boat patrol, and lot owner info sent to CSCD Manager.
- Benefit for Jimmy Green (house burned down) – Some police officers would like to participate in the fishing tournament fundraiser, but are not freeholders. Motion made by Cathie Brown to allow the officers to receive a 1-day pass to put their boats on the lakes to participate in the event. Seconded by Harry Sherman. Motion passed.
